www.moodylogistics.co.uk

Hello and welcome to our newsletter,

As many of you know, Moody's is a family owned company and this year we are very excited to be celebrating 70 years in business.

70 years ago David Moody started a business hauling coal from the North East pits and that began the business that is Moody's today. Alan, his son has been at the helm since the 1970's and has recently handed over the Managing Director role to his daughter Caroline who has worked in the business herself for 25 years. Many of you know Caroline and her brother Richard (Operations Director) and her brother in law Gavin (Engineering Director at Heathline Commercials). So, Moody's continues to be a family business onto the 3rd generation.

Platinum Charity Ball

To celebrate our 70th anniversary we are holding a Platinum Charity Ball in June, in aid of the Great North Children's Hospital (GNCH) in Newcastle. As this is a huge milestone year for us, we not only wanted to celebrate this but also give our support to this amazing charity.

DRIVER OF THE YEAR 2016!

DEAN DODD!!

Voted by the drivers and based upon:

- Attendance
- Accident Free
- Helpfulness
- Vehicle Cleanliness

Top of the Class!!

Huge congratulations to our very own Paul Johnson (Operations Manager) on passing his CPC (Certificate of professional competence) on his 1st attempt! After studying hard for 2 weeks and hard exam. National average 1st time pass is only 40%

**Paul Johnson Ops
Manager**

New moody Apprentice

Steve Hanson is Moodys current apprentice HGV driver and has just passed his theory test and is moving onto his HGV driver training. He currently drives Moodys transit van as he learns the ropes of our c and d work.

New Drivers! Brendan and Kevin

We would like to welcome new drivers Brendan and Kevin to our Pallet delivery and collection team. Brendan moved from Republic of Ireland, he worked with us via an agency but we were so impressed with his attitude we asked him to join us permanently. When Brendan isn't working he enjoys football and motorbike racing. Kevin joined us also having previously worked for us via an agency. Outside of work he enjoys cricket at the weekends and playing darts through the week.

If you see Kevin or Brendan on their routes do give them a wave!

REGIONAL DEPOT OF THE YEAR FOR SCOTLAND AND NORTH EAST!

Here at Moody's we were thrilled to win depot of the year for Scotland and North East! A fantastic reward for the hard work of our team here at Moody logistics.

In the photo, Kevin Buchanan Pall-Ex MD, Richard Moody Director of Moody's, top Comedian Brian Conley and Hilary Devey owner of Pall-Ex.

New HGV Fitter Apprentice at Heathline

We are delighted to welcome a new HGV fitter apprentice for our sister company Heathline Commercials Ltd. Heathline manages all the vehicle maintenance and service requirements for Moody's as well as looking after an extensive list of external customers too. Heathline has been operating for over 30 years looking after servicing, maintenance and supply of spare parts for all makes of trucks, buses, trailers, vans and horse boxes.

New recruit Dane is 32 years old and has previously worked in private security. His apprenticeship will last 3 years in total and he will be working in Cramlington, just down the road from Moody's headquarters. Dane decided to make the move to Heathline as he always wanted a trade, he loves to tinker with his motorbikes and wanted to put his love of that into his work as a mechanic and fitter, when Dane isn't at work he enjoys swimming and running.
